

ADARSH I J

React JS Developer | MERN Full stack

+91 8056312369,
adarshclan2017@gmail.com
Tamil Nadu, Kanyakumari- 629163

PERSONAL SUMMARY:

React-focused MERN Stack Developer with hands-on experience building responsive web applications and full-stack projects. Strong in React.js, component-based architecture, REST API integration, and MongoDB. Built real-world projects including a full-stack e-commerce application and UI-driven React applications. Actively seeking an entry-level or internship role to contribute to real-world projects and grow within a professional development team.

TECHNICAL SKILLS:

Frontend: React.js, JavaScript (ES6), HTML5, CSS3, Bootstrap
Backend: Node.js, Express.js
Database: MongoDB, MySQL
Tools: Git, GitHub, VS Code

EXPERIENCE:

Logi prompt Pro Academy, Trivandrum
MERN Stack Developer- (Training & Live Projects)
Aug 2025 – Jan 2026

- Developed full-stack web applications using React.js, Node.js, Express.js, and MongoDB
 - Built responsive UI components and integrated REST APIs
 - Implemented authentication, CRUD operations, and role-based access
 - Collaborated on real world project workflows and debugging
-

PROJECT:

Multi-Vendor E-Commerce Application (MERN Stack)
GitHub: <https://github.com/adarshclan2017/Multi-Vendor-Ecommerce>

- Built a full-stack multi-vendor e-commerce platform with User, Seller, and Admin roles
- Implemented JWT authentication, role-based access, and REST APIs
- Developed responsive UI using React.js and Bootstrap
- Used MongoDB for product, order, and user management

Social Media UI Application (React.js)

- Built a responsive social media UI inspired by Instagram using React.js
- Developed reusable components and clean layouts
- Implemented responsive design using Bootstrap
- Focused on UI consistency and user experience

EDUCATION:

B. Tech - Chemical Engineering, Kongu Engineering college
